### Features

## Standard

### Ergonomic bike handle

When used in conjunction with a harness, the bike handle enables a smooth mowing action. Ideal for working on large areas and allows the machine to be easily guided, thus reducing fatigue.

## EC-Motor

With the EC-Motor it is possible to get 55% more power from the battery. In addition to this the motor conserves battery energy and extends the lifetime up to 70%. The motor is very light, compact and has very low wear characteristics.

## Accessories

### Universal Harness - Standard

For strength-saving mowing and shredding. Ergonomic, comfortable, light, can be combined with the chest belt and tool bag.
