(incl. GST)

Technical Details

Power output kW	0.9
Displacement cm³	24.1
Tank volume l	540.00

Features

Standard

STIHL 2-MIX-Motor

Der speziell für die neue Heckenscherengeneration konstruierte STIHL 2-Mix-Motor vereint niedrige Emissions- und Verbrauchswerte mit geringem Gewicht und ausgezeichneten Beschleunigungswerten. Auch für den Schnitt von dickeren Gehölzen stehen jederzeit ausreichend Leistungsreserven zur Verfügung.

STIHL EcoSpeed

With the EcoSpeed function, you can use your long reach hedge trimmer in a more economical operating mode. Simply turn the wheel to the minus direction, thereby reducing the maximum engine speed. This keeps your long reach hedge trimmer running at partial load; however, despite this limited setting, you can shift to full capacity when necessary by pressing the throttle lever. Operating at partial load reduces fuel consumption and you can work much longer with one tank.

Blade system

Double-sided cutting blades ensure a powerful and precise cut even through thicker branches.

Loop handle

The loop handle gives you maximum flexibility and easy operation even in confined working conditions.

Manual fuel pump (Purger)

A small fuel pump delivers fuel to the carburettor at the touch of a button. This reduces the number of starting strokes required following extended breaks in operations.

Accessories

PLEASE NOTE: Reserving STIHL Products

These products can be reserved online with no obligation and picked up at your local STIHL Dealer. As your satisfaction is of particular importance to us, we provide you with extensive in-store personal instruction including safe handling plus professional advice and service to ensure you get the most out of your STIHL purchase. * Sale price and availability may vary from store to store.

RTS Harness

The Backpack Harness transfers the weight of a long reach hedge trimmer to the user's hips resulting in a dramatic reduction in back stress while allowing full freedom of movement. The Backpack Harness can be easily adapted to suit the user's size. For HT 75 long reach hedge trimmers.

Protective Pants - HS Multi Protect - M

World first protection. These innovative Multi Protect pants can protect in 3 ways. When using with a hedge trimmer, simply insert the HS Protection pads to protect against blade cuts - a world first in patent pending pinch resistant design technology. When used with a brush cutter, the FS protection insert pads protect against flying debris; and the knee pad inserts make for comfortable work whilst on the ground. All the inserts are sold separately so you can customise to your application, making it ideal, multi purpose protection for professional landscapers, contractors, government departments and homeowners.
