

# CALLIOPE RURAL TRADERS

## MARCH GARDEN TIPS

- Now is the time to start sowing annual flowers for a beautiful Spring Display of Colour.
- Start to prepare your garden beds and planters for Autumn planting by fertilising and maintaining a healthy level of soil drainage.
- Oats are a fantastic green manure cover crop to help replenish vital nutrients to overworked soil at this time of year.
- Water gardens and Lawns of a morning for a long soak instead of just a splash of water for the most benefit.
- Herbs such as parsley, basil, rosemary & thyme are perfect for planting now.

## DATES TO REMEMBER

17 March : St Patricks Day

21 March: Harmony Day

21 March: Autumn Equinox
