## APRIL GARDEN TIPS

- It's time to start sowing annual flowers for a beautiful Spring Floral Display.
- Veggies are about ready to take off! Now is the time to get in and plant veggie seedlings.
- If having rodent issues Baiting is an effective control measure, however be aware of pets when placing baits.
- Mulching your garden beds will help keep moisture in the soil on warm days and insulated as the days cool down.
- Spring Flowering Bulbs should be planted now.
